Zachary,

You're the email address that appears on the page after the app that pops up on my screen for using an app particular app on my phone.

( See image screen snapshot of ad - attached )

You are obviously advertising now paying attention to something of the community.

So every time one of these ads pops up on my screen I'm supposed to be able to use contact...

But where does that go?

I can't get through to you all people you have messed up so badly.

You cannot excommunicate a person in the community from having services.

There is no ban on services generally that should happen between you and I that's agency to citizen

But I've been excommunicated from services anyway.

In the Ryan White care policy itself such an event could happen and there's only a 6-month window that's such a ban would be active..

There is no such thing in my case every communication that I have has been completely intentionally ignored by your company.

And now I'm dying.

My CD4/cd8 ratio blood results tested recently at

( 0.25 )

Because I have a knowledge that has to bring forward into a conversation the doctors will not have that conversation and I will not have Dr care without having trust in my doctor to have a conversation.

That same conversation that your director of mental health program Jennifer Breme would not have conversation.

The reason why you guys will not have this conversation is very seriously very serious.

Does casualty of this is not my fault completely cannot be made my fault.

All you have to do is go on to the web and look up the hashtag on the web in Google and look at the history that I have on this one particular tag

#HIVUntreatable

<https://www.google.com/search?q=%23HIVUntreatable&newwindow=1&client=ms-android-mpcs-us-rvc3&prmd=ivsn&sxsrf=AJOqlzV7Ep0FXKU9nfvdgDMluwmGATPyNw:1677585328141&filter=0&biw=347&bih=710&dpr=2.08>

This is outrageous completely outrageous!

I'm going to get interrupted by an advertisement for a company who will not communicate with me for any reason.

I hear Maritza is retiring...

That was the excuse that I was given that my communication was going to be somehow lost that I have no access to your services when your services are so screwed up. I brought this up to the county Ryan White office.

They find no fix for this except her to recommend that I go to the other locations of for services. I have the letter I got from the county it says I should go to services in a different location.

Foothill Aids Project, Riverside

Desert Aids Project, Palm springs.

So there was no solution to form a reconciliation with the San Bernardino office.

What had happened there....

This is not my responsibility to fix.

And it is strange very strange that Borrego Health office here in San Bernardino has been closed. Why it is closed this is an FBI raid on their offices for Medicare fraud that occurred on October of 2020.

But prior to that.. the doctor who was involved in my care all the way back to March of 2019 terminate my care.

The doctor that was at the brown Borrego health in San Bernardino would not have the same exact conversation.

He terminated my care. Placed a restraining order against me for trying to fix this via fax. I tried to communicate to him the effects and he took what I said completely out of context to file dangerous threat I am to a restraining order and a case against me.

Typical typical typical

So then now we have it the doctors getting his way when he had called the police department to come over and ask me about the problem.

I told the police department when they were here at the house that I would violate the restraining order.

The restraining order is bogus.

Just to like you all just cannot have this conversation.

So the doctor was able to file a bogus restraining order and was able to win in court to have that in a permanent order so then a year later I violated the restraining order.

That was 10 or show days before the doctor might last truly interface to a doctor

Doctor Eric Tomoni Shigeno

Died on April 10th 2020 by a so-called stroke.

The doctor did not die of a stroke most likely.

most likely he died by suicide.

Unable to really manifest himself into a reality that he has to explain the further faxing after he terminated my care that I continue to fax and I continue the facts I continue to fax and continue the fax.

I violated the restraining order with the doctor's office a fax.

That fax went to the San Bernardino Police department.

And that fax went to of course you all at Foothill Aids Project.

The sealing in the face that doctor signal I guess had no other choice but to commit suicide.

The reason why I violated restraining order is obvious.

I did not have any access to a doctor. The doctor was supposed to refer me to a viable doctor for my care in a legal since fiduciary responsibility. He failed. I told him he would not be able to use the county services access down at San Bernardino county health department because they did the same damn thing.

That doctor is the problem that caused the entire mess in the entire hold up of why I do not have any doctor care.

Doctor Christopher Eric Berger  
San Bernardino County  
Department of Behavioral Health

And I still do not have a true sense wisdom wiseness trustable relationship with my doctor able to hold on to my doctor care the way I'm supposed to be able to have a doctor.

What gives?

When exactly is this going to be fixed?

I'm now dying.

I can't have a doctor have a true just straightforward conversation with me.

No doctor will apparently no doctor absolutely no doctor will be honest I have a conversation with me.

This is the system that you set up I'm not responsible to make the correction that needs to happen.

Outrageous completely outrageous!

You'll see that there is a touch of an image for 911 text interface.

Yes 911 text interface of course follows the same problem that I don't have access to use 911.

The same problem that needs to have a discussion about a problem that you all have created and the conditioning in our society that allows us to be the status quo when it shouldn't be.

What Is Gang Stalking?

Maggie J. Hall

Last Modified Date: February 17, 2023

Gang stalking refers to harassment and intimidation tactics used by a group of individuals against another person or toward a smaller group of people. People may initiate this type of civil offense because they are intolerant of another person for numerous reasons, which might include differing beliefs or lifestyles, jealousy, or racial prejudice. Stalkers generally design the covert methods used for psychological harassment to exact revenge, coerce silence, or cast out persons having opposing views. While gang stalking is considered a misdemeanor in some states, the offense carries felony penalties in others.

Rev 3A - This short ebook describes the leaders of the gangstalking program against Targeted Individuals in the United States. Their names are David J. Glawe and Brian J. Murphy. I was able to track down these two criminals, due to the brave efforts of police whistleblowers. During 2018, there were 3 police whistleblowers that stated the Fusion Centers were being used as Gangstalking control stations. The

Intelligence & Analysis Office of DHS provides funding, training, free software, database and contact lists, and some of the key personnel for the Fusion Centers in the United States. I & A Office coordinates between the Fusion Centers and works with the Emergency 911 Call Centers in the United States, to block and redirect the emergency calls of Targeted Individuals. Many Targeted Individuals have experienced what happens when making a 911 emergency call and no ambulance arrives, or police arrive and mock you.

#### DEPRIVATION OF RIGHTS UNDER COLOR OF LAW

##### SUMMARY:

Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

#### TITLE 18, U.S.C., SECTION 242

Whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any person in any State, Territory, Commonwealth, Possession, or District to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution or laws of the United States, ... shall be fined under this title or imprisoned not more than one year, or both; and if bodily injury results from the acts committed in violation of this section or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire, shall be fined under this title or imprisoned not more than ten years, or both; and if death results from the acts committed in violation of this section or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse, or an attempt to commit aggravated sexual abuse, or an attempt to kill, shall be fined under this title, or imprisoned for any term of years or for life, or both, or may be sentenced to death.
